

Knoxville Porcelain Artists  
Monthly Meeting  
October 23, 2014

President Christa Keys shared a project that she had developed for introducing young people to porcelain painting. At an earlier meeting members had traced a Chickadee onto a porcelain tile using pen oil.

The second step is to paint the tile, back the tile with cork available at various craft stores and give as a gift. Christa reported that the youngsters responded with enthusiasm to the project. Thank you Christa.
